

Winter? Bring it on!

Your winter companion

GRiPS®

Ice under control

Winter hazards

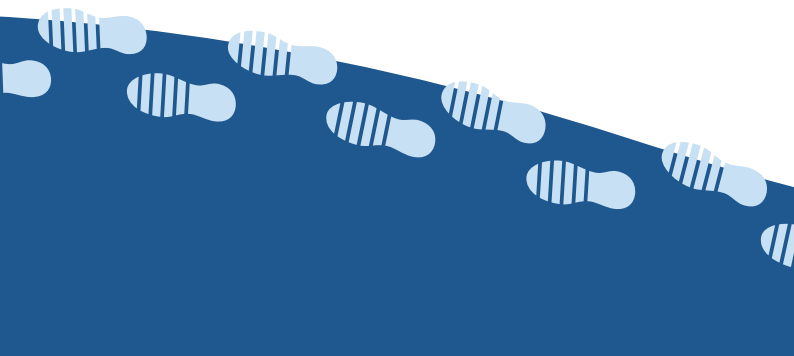

Many people underestimate the risks winter brings.

And you?

„It's short distance and just a brief moment – I won't slip.“
It's easy to forget the risk.

Your wellbeing is the greatest treasure you possess!

Whether you're walking on snowy and icy sidewalks or just going out in your own yard, don't forget to make sure your footwear gives you a secure grip.

Give snow and ice the cold shoulder

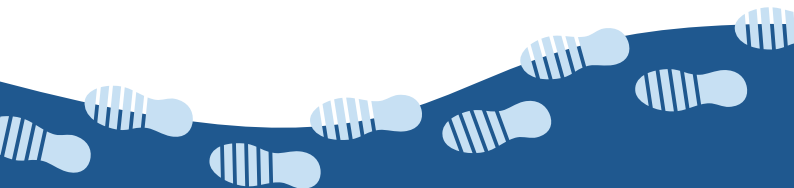

Ice, snow, hidden icy surfaces and other hazards are always present in the cold season. It's easy to underestimate the risks posed, and neglect the need to prepare for them.

We often encounter unexpected ice. There are also events that call for dress shoes, but require us to walk through snow and ice to get there.

It may be just a small distance to navigate in winter conditions, but no reason to ruin your shoes or risk injury.

Winter brings many risks – protect yourself the easy way!

The quick and easy solution to icy conditions

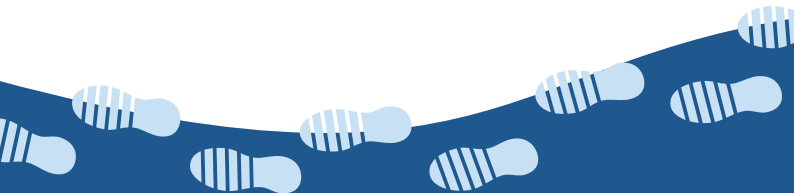

The innovation for walking on ice. Patented GRIPS® anti-slip overshoes are specially developed for icy and snowy conditions. The anti-slip granulate surface of the Ultra GRIPS® sole has been extensively tested and proven to provide excellent traction throughout the day.

Put on in seconds, GRIPS® overshoes are your quick and easy solution whenever your paths are icy and slippery. The high-tech textile is durable,

quick-drying and protective for your shoes against wetness, salt and dirt.

Also available with a practical stowage pouch so you can keep GRIPS® on hand throughout winter.

Whatever brings you outdoors during winter, your GRIPS® overshoes will come in handy.

Walking and standing, with GRIPS® you're protected from the invisible dangers of winter conditions.

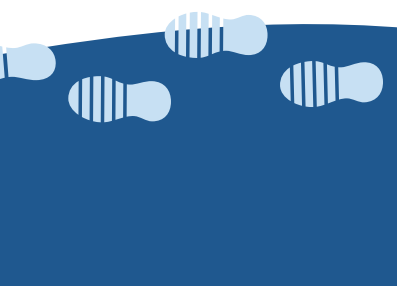

Whether taking a walk, shoveling snow or just going to the mailbox, you're sure-footed.

Users appreciate GRIPS® anti-slip overshoes for their outstanding manufacturing quality, and convenience. They are even equipped with reflective strips for visibility in the dark.

Proven in use by professionals on the ice rink

GRIPS® overshoes are used on a daily basis by ice technicians at the local ice rink ARENA NÜRNBERGER VERSICHERUNG.

Standard color black, High-tech reflector strips,
High-performance fabric.

Please note: use on pavement or gravel surfaces free of ice
can damage the grit sole. Such usage voids the guarantee.
